Bello Spazio

Sign Filo chairs, available at Bello Spazio, are a perfect combination of design and expression by top furniture brand MDF Italia. Designed by Piergiorgio Cazzaniga, they are the evolution of Cazzaniga's chair originally launched in 2007, representing smart contemporary style. The designer reinterpreted his project, developing a new look for the chair, featuring thin steel wires sketching an ethereal volume that adapts so well in any time and any space. The new chair is a perfect combination of design and craftsmanship and is built like a refined jewel.
